

## Imprivata – Request a Card for Computer Login

(This is **not** for prescribing controlled substances.)

### If you use an exam room, you are already enrolled in Imprivata.

To obtain your Imprivata badge/card, please submit a **DAS ticket** and include:

- Your **location and department**
- The **best times to meet** to receive your card

Please note that the badge process takes **more than five minutes**.

Plan ahead and arrive early, and stop by the **IT office** to obtain a card **if staff are available**.

We are located on the 2<sup>nd</sup> floor, next to the Acupuncture Department at Shotwell. If you are at other sites, please indicate this in your ticket.

### Why submit a DAS ticket instead of an email?

When you submit a ticket, I receive an **immediate notification** in my Teams app from the Help Desk, allowing me to respond more quickly.

If you send an email instead, I may not see it for several hours, which can delay assistance.

This request is only for standard Imprivata access and is **NOT** related to Imprivata EPCS or prescribing controlled substances.

For information or access related to EPCS/controlled substance prescribing, please visit:
